We give details about some of these processes below.

Providing you with details on our Products and Services

Where you have given us your consent to do so, we will send you information about products and services of ours

and other companies in our Group which may be of interest to you. We may contact you by telephone, letter or email (as you have indicated)

You have a right at any time to stop us from contacting you for marketing purposes or giving your information to other members of the Group.

If you no longer wish to be contacted for marketing purposes then please contact our Data Protection Officer (contact details below).

Fraud Prevention and Detection

We carry out fraud checks on our customers. We do this in order to prevent fraud and also to help us make decisions about the provision, pricing and administration of insurance.

When carrying out these checks, we will search against fraud detection databases.

We may pass details about you to some of these databases.

Law enforcement agencies, financial service providers, fraud prevention agencies, police and other organisations may also access these databases.

Claims History

We may process data relating to your claims history for the purposes of assessing any claim you may make.

The aim is to help us to check information provided and also to prevent fraudulent claims. When you tell us about an incident we will pass information relating to it to these databases. We may search these databases when you apply for insurance, in the event of any incident or claim, or at time of renewal.

Credit Searches and Accounting

In assessing an application for insurance or policy renewal, we may search files made available to us by credit reference agencies. They keep a record of that search.

Credit reference agencies share information with other organisations, enabling applications for financial products to be assessed or to assist the tracing of debtors, or to prevent fraud.

Transfers

Sometimes your information may be transferred outside the European Economic Area by us, by the organisations with whom we share your information or by the servants and agents of these organisations. If we do this we will ensure that anyone to whom we pass it provides an adequate level of protection.
